Sir:

Please enter the following amendment:

IN THE CLAIMS

Please amend the claims as follows:

1. (Currently Amended) A portable mouth wash system, comprising:

a dual chamber container having a cylindrical body portion, including a first end and a second end being directly opposite to one another, a permanent transverse divider within the body portion dividing the body portion into a first chamber and a second chamber, and a sealable opening in each of the first chamber and the second chamber, the sealable openings being disposed at the first end and the second end of the body portion; a first quantity of mouth cleansing liquid disposed in the first chamber; a second quantity of mouth rinsing liquid disposed in the second chamber; and a closure for sealing each of the sealable openings to contain the mouth cleansing liquid and the mouth rinsing liquids within their respective chambers; whereby unintended mixing of said first and second mouth cleansing liquids is prevented.
